Second Annual Pre-Course Workshop

Optimizing Your Rapid Response System

10th International Conference
Rapid Response Systems and Medical Emergency Teams
Pre-Course - Sunday, May 11, 2014 Hilton Miami Downtown
SYMPOSIUM OVERVIEW AND INTENDED AUDIENCE
This annual international symposium – attended by more than 400 delegates – is the largest in the field of rapid response systems. The format combines plenary and concurrent sessions with panel discussions, keynote lectures, poster presentations and round table discussions. Expert faculty will come together to share proven strategies for implementing a well-structured rapid response system and team, and evidence-based best practice approaches to care of high-risk, deteriorating and critically ill patients. For the second year, the Pre-course Workshop offers a primer on Optimizing Your Rapid Response System.

This educational activity is intended for physicians, nurses, allied health professionals and hospital administrative and clinical leaders responsible for critical care, emergency medicine, hospital-based care, respiratory care, patient safety and clinical outcomes researcher professionals involved or interested in rapid response systems and medical emergency teams.

EDUCATIONAL OBJECTIVES
Pre-course Workshop: Optimizing Your Rapid Response System
Upon completion participants should be better able to:

- Define factors and processes needed to optimize a Rapid Response System/Rapid Response Team
- Explain the different roles of each team member; identify and manage common challenges to team formation
- Review the mechanisms of activation of an RRS, and define the roles of each individual during activation
- Determine the instruments of training that best fits their institution.
- Evaluate the evidence supporting the link between RRS and improvements in patient safety.
- Implement strategies to align the documentation and communication processes with legal compliance requirements.
- Define methods of outcomes measurement and data collection, and define data points for measuring system performance.
- Determine factors that affect the performance of the team related to the staff, including psychological barriers that impact team effectiveness and delivery.
- Utilize evidence-based methods to improve team performance and train of ward personnel.
- Measure competence and self-assess the learning of key concepts covered during the pre-course.
Improve and optimize your Rapid Response Team/Outreach Team!

World-renowned experts in Rapid Response Systems will guide participants through the process of development and implementation of Rapid Response Teams/Outreach Teams.

Ask everything your ever wanted to know!

Those with curiosity and desire to improve, reflect and learn will appreciate the intimate and open format of this workshop which allows valuable opportunity to interact with faculty.

**Course Director:** Francesca Rubulotta, MD, PhD, FRCA, FFICM. Intensive Care Medicine Consultant Charing Cross and St. Mary’s Hospital, Imperial College NHS, London, UK

**SUNDAY MAY 11, 2014**

*Hilton Miami Downtown, Miami, Florida, USA*

*Baptist Health South Florida*
Faculty

Course Director: Francesca Rubulotta, MD, PhD, FRCA, FFICM. Intensive Care Medicine Consultant, Charing Cross and St. Mary’s Hospital, Imperial College NHS, London, UK

Faculty: Paul Barach, MD, MPH. Visiting Professor of Medicine, Department of Anesthesia and Critical Care, College of Medicine, University College, Cork, Ireland
Michael DeVita, MD. Director, Critical Care, Harlem Hospital, New York, NY, USA
Ken Hillman, MD. Professor of Intensive Care Medicine, University of New South Wales, Liverpool Hospital, Liverpool, Australia
Edgar J. Jimenez, MD, FCCM. Professor of Medicine, University of Central Florida, Clinical Associate Professor of Medicine, University of Florida and Florida State University; Past-president World Federation of Societies of Intensive Care Medicine, Orlando, FL, USA
Daryl Jones, BSc (Hons), MB BS, FRACP, FCICM, MD. Adjunct Associate Professor University of Melbourne. Medical Director Critical Care Outreach, Austin Hospital, Melbourne, Australia
Babak Sarani, MD, FACS, FCCM. Associate Professor of Surgery. Director, Trauma and Acute Care Surgery. George Washington University, Washington, USA
Chris Subbe, DM, MRCP. Senior Clinical Lecturer, School of Medical Sciences, Bangor University, Wales, UK
John Welch, RN. Consultant Nurse, Critical Care. University College London Hospitals NHS Foundation Trust, London, UK

Local committee: Javier Perez-Fernandez, M.D. Medical Director Critical Care Services, Baptist Hospital of Miami. Associate Clinical Professor, Herbert Wertheim College of Medicine, Florida International University. Director, South Florida Pulmonary and Critical Care.
8:00 a.m.  Registration

8:30 a.m.  Pretest

9:00 a.m.
Education and Training: Courses or Bedside? Francesca Rubulotta, MD

9:20 a.m.
Structure of a Rapid Response System. Edgar Jimenez, MD

9:40 a.m.
Who Responds to What? A Journey Through the Challenges of Rapid Response Team Composition. Babak Sarani, MD

10:00 a.m.  Break

10:30 a.m.
Activation, Delayed Activation… How to Increase the Dose. Daryl Jones, MD

10:50 a.m.
Patient Safety and Clinical Governance: Communication Traps. Michael DeVita, MD

11:10 a.m.
Audit and Evaluation: What Data to Collect? Chris Subbe, MD

11:30 a.m.
Human Factors and Their Impact on Patient and Staff Outcomes. Paul Barach, MD

11:50 a.m.
Enhancing Service Delivery with Added Skills. Ken Hillman, MD

12:10 p.m.
Rehabilitation After Critical Illness: Guidelines and Aids. John Welch, RN

12:30 p.m.  Lunch

2:00 p.m.  Workshop 1:
The Five Requirements to Optimize Your Rapid Response System. Francesca Rubulotta, MD; Ken Hillman, MD; Babak Sarani, MD

2:45 p.m.  Workshop 2: How to Change Hospital Ward Systems and Processes (Managing Resistance). Michael DeVita, MD; Daryl Jones, MD; Paul Barach, MD

3:30 p.m.  Workshop 3: Data Collection and Strategies to Measure Effectiveness of your Hospital’s RRS. John Welch, RN; Chris Subbe, MD; Edgar Jimenez, MD

4:15 p.m.
Post-test and discussion
DISCLOSURES AND CONFLICT OF INTEREST RESOLUTIONS
Baptist Health requires disclosure and resolution of all conflicts of interest to ensure balance, independence, objectivity and scientific rigor in all CME programming. Conflicts of interest of all individuals who control CME content will be identified and resolved prior to this symposium. Full disclosure will be made in the syllabus.

CME ACCREDITATION AND CREDITS
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of Baptist Health South Florida and the Society for Rapid Response Systems. Baptist Health South Florida is accredited by the ACCME to provide continuing medical education for physicians.

CONTINUING EDUCATION CREDITS (CME/CE)
* Baptist Health South Florida designates this live educational activity for a maximum of 22.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity (Maximum 7 on Sunday)

* This activity has been approved on a session-by-session basis by the State of Florida Boards of Medicine and Osteopathic Medicine, Nursing and Respiratory Care* (in the category of personal growth), Baptist Health South Florida. CE Broker Provider #50-182.

* AMA PRA Category 1 Credits™ claimed by physicians attending live events certified and organized in the United States for AMA PRA Category 1 Credits™ can be claimed through the agreement on mutual recognition of credits between UEMS and AMA, considered as being equal to the European Continuous Medical Education Credits(ECMEC©) granted by the UEMS. One AMA PRA Category 1 Credit™ is equivalent to one (1) hour of European EACCME Credit (ECMEC©). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

ADDITIONAL INFORMATION
For additional information concerning the symposium, please contact Osdaly Ozuna at 786-596-6944 or ozunarrs2014@gmail.com.

ACKNOWLEDGEMENTS
The Society for Rapid Response Systems recognizes the generous support provided by these local institutions in our host city of Miami.
